と」パツベニュナ

新款桥式拉手,超长设计

因此,我们开发了一款光滑的超长型新款把手,给客户带来最佳便利性。 Tobias Sohnchen, 高级产品经理

要求产品优势

レコ パツベニコナ

桥式把手,用于垂直和水平方向的应用

最佳把手长度 - 便于使用

- 封闭式设计
- 由于表面倾斜,边缘圆润,这款产品耐脏,便于清洁
- 紧固螺钉被销轴覆盖,可免工具安装

耐用设计,适用于所有行业

- 防腐
- 表面喷漆
- 底面螺纹
- 用M8圆柱螺钉紧固

"Bridge handles are used in a wide variety of applications which require an optimal design for easy operation.

Therefore, we developed a sleek, new design with an extra-long handle to provide the ultimate level of comfort and convenience for the user." Tobias Söhnchen, Junior Product Manager

Requirements Product benefits

The Bridge Handle for vertical and horizontal applications

Optimal handle length – easy to use

Durable design for every application

- Closed design
- Resistant to dirt and easy to clean due to slanted surfaces and rounded edges
- Fastening screws are covered by plugs which are assembled without tools

- Corrosion-resistant
- Painted surface
- Ribbing on the underside
- Fastening with cylinder head screws M8
